## IRIS is Now Live

Introducing IRIS...

IRIS, (Integrated Risk Information System), is the new HGFA online incident reporting system. Supported by CASA and used by other self administering aviation bodies, IRIS is a key component in the ongoing development of HGFA safety management systems. IRIS allows simplified online access for HGFA members to lodge incident reports that will be centrally collated and disseminated back to State Associations and Clubs for safety awareness.

At all times members are encouraged to report incidents, not for retribution or criticism but to develop the safety culture that can change how the HGFA manages its risk and make positive, sensible change to internal systems and standards. With IRIS's online reporting capability it is now easy for members to contribute and assist these changes. The User handbook is a comprehensive guide to a reporting culture and worth taking the time to read.

Via the HGFA website, or visit: <http://www.irisasn.com>

If you cannot get to IRIS.... please report the incident, fax the form to the Office and we will enter the details. Only by collating all incidents will the HGFA develop safety in our sports.

## About 'Airwaves'

'Airwaves' is the e-newsletter of the Hang Gliding Federation of Australia. It is scheduled to be sent out monthly but actual delivery dates may vary depending on events and circumstances.

Airwaves is intended to provide HGFA Members with an insight into the monthly activities of the Board and communicate pertinent notices in-between the printed magazine editions.

**[Please note the changed email address below! - Apparently we've been missing a few feedback emails...]**

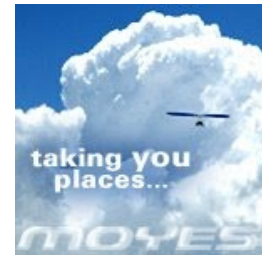

If anyone has any suggestions or comments about 'Airwaves' then please send them through to: [management@hgfa.asn.au](mailto:management@hgfa.asn.au).

## That's all Folks!!!

Questions and or feedback regarding HGFA Operations or Management are welcome! Please feel free to email the HGFA Committee ([committee@hgfa.asn.au](mailto:committee@hgfa.asn.au)).

**Sincerely,**

The HGFA
