

Operations During Commonwealth Games - Gold Coast

Operations in the Gold Coast Region During the Commonwealth Games.

Hi All,

The following has been negotiated to allow continued HGFA operations in the Gold Coast region during the Commonwealth Games and must be complied with:

- ***Prior to first operation of the day, the club or delegated Safety***

Officer contacts the QPS Aviation Desk on tel: 07 5570 7959 to advise of activity, including location;

-
- ***All members are to sign in with the Safety Officer on site, prior to launch so that a record is kept of pilots operating such aircraft during the day's activity;***
-
- ***Operations are specified to only occur to the west of the Darlington range and not within R970A or B; (The delegated Safety Officer will advise you regarding these restricted areas.)***
-
- ***At the end of the day's activity, the delegated Safety Officer notifies the QPS Aviation Desk of the cessation of flying activities.***

Breaching any of these conditions may cause the immediate withdrawal of all flight privileges, in this region, for the duration of the Commonwealth Games.

Instructors -

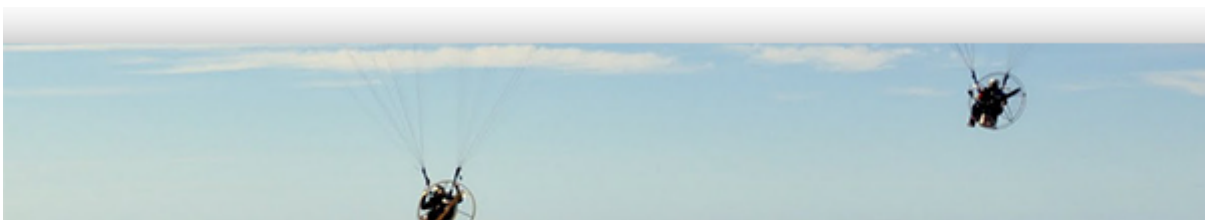

VHF Radio documentation/exams etc. has been updated and is available for download from the Forms and Documents section in the members area.

All documents are being updated at the moment due to our change of address and ongoing reviews. Please download the required form or document each time you need it. You will then be sure of using the correct version of the form.

Thank you.

Until next time, safe, fun flying

- Brett Coupland, General & Operations Manager, HGFA
